### プロフィール Profile

#### 自己紹介/Self-introduction

Hi! I'm Kokoro Mikami. I'm a university student from Kobegakuin university. My major is Global Communication. There are many international students and we can exchange our cultures, and understand attitudes. I could do many things in my university life, for example, two club activities, study abroad and many volunteers. There were many challenges, but I am sure that all of these experiences have given me confidence. I will graduate from university next April and will work as a front desk at a hotel in Nagano Prefecture. I would like to graduate after completing what I want to do for the last time as a student.

#### 研究分野について/About study field

I'm studying about the airline industry in my seminar. I watch movies about various airlines and airports.

### 参加者へのメッセージ Message to Participants

I hope you are interested in learning more about airlines.
