Visit Edo Tokyo Museum and Watch a Sumo match

Taking advantage of the area's unique characteristics, regional cultural exchange events were held for international students and local residents in Meguro, where many international students reside and attend school.

We ensured that many international students would be able to attend various events based on their own interests by holding events such as cooking, visiting homes, experiencing culture, visiting various facilities, and holding bus tours, etc., throughout the year, providing opportunities to better understand Japan and its culture.

Japanese food social

Experiencing traditional Japanese culture

Try on a traditional Yukata (summer kimono) and go out into the streets!

Zen cultural experience in Kamakura
