

Tokyo International Exchange Center Bedding Guide

At TIEC, you must prepare your own bedding for the beds in your room. There are following two ways to prepare.

(1) If you are currently living in Japan, bring the bedding you are using.

(2) Buy it yourself.

→Please read the document “How to Buy Bedding” attached to this mail.

The “Bedding Lease (rental) Service” (fee-based), for which applications were accepted at TIEC, ended in September 2024. If you are currently leasing bedding and wish to return it due to moving out or extend the lease, please check the bulletin boards in each building.
