自己紹介/Self-introduction

This is Md. Yousuf from Bangladesh. I work for the government as a Deputy Director of the Bangladesh Bank (The Central Bank of Bangladesh). I completed my graduation and post-graduation in Economics from the University of Chittagong, Chattogram, Bangladesh. Currently, I am studying Master of Economics at Kobe University, Japan.

研究分野について/About study field

The knowledge of Economics helps people to use and exchange limited resources in the best alternative ways, enabling people to behave rationally. Since I am working at Central Bank, my research interest is related to macroeconomics & financial issues. I published several research articles in the fields of macroeconomics & financial issues.

参加者へのメッセージ Message to Participants

Dear participants,

I would like to deliver my warm greetings and heartfelt welcome to all Participants of the Research presentation at HIIH. The program will provide an opportunity to present the research outcome, bringing together young researchers from different academic institutions and promoting interactions among them. In this program, I will present the empirical findings of my master's thesis related to the financial sector of my country, Bangladesh.

I hope you will take this opportunity to participate in the program and give feedback on my research findings. Eagerly waiting to see you in the research presentation program.
